

Dear Colleagues,

The upcoming EGU meeting in Vienna (April 13-18, 2008) provides multiple sessions related to the dynamics of the early Earth. The abstract deadline is 14 January, 2008. General and updated information concerning the EGU 2008 are available at :

<http://meetings.copernicus.org/egu2008/index.html>

<<http://meetings.copernicus.org/egu2008/index.html>>

Please consider submitting an abstract in one of the following sessions:

BG7.1 Traces of life for paleobiology and astrobiology  
GD2 Geodynamics and Geochemistry of the Early Earth  
GMPV04 Archaean and Hadean geodynamic processes -evidence from magmatism and metamorphism  
and an interdisciplinary session:  
IS4 The Early Earth: inside and out.

We look forward to fruitful discussions on the early Earth.

Best regards,

Jeroen van Hunen  
Steve Parman  
Emmanuelle Javaux  
Nick Arndt  
Tanja Zegers  
Gary Stevens  
Henri Samuel  
Karim Benzerara  
Craig Marshall  
Andrey Bekker
