

Good morning,

The council of EANA unanimously agreed that the 2007 meeting would be held in Turku, Finland.

The meeting would be held in the last week of October (22-24).

At this meeting, 17 new councillors will be elected independently of nationality, it is reminded that only the registered members will be allowed to vote! Belgium is also candidate for the organization of the 2008 meeting.

The council decided also on approving a European edition of the NASA NAI (National Astrobiology Institute) Astrobiology Magazine.

Sincerely,

Christian Muller
