DEAR COLLEAGUES,

In October 2012, Nordita (Astrobiology Center in Stockholm) and the Swedish Astrobiology Network is organizing the 12th European Workshop on Astrobiology in Stockholm. For this reason, I would like to inform that during the EANA meeting there will be a student contest - "The Space Factor" - a contest of space science students - like we had during the EANA2011 meeting in Cologne (<http://www.eana2011.de> [1] )

At the EANA2012 in a half-day session during student contest - "The Space Factor" young scientists (PhD-students and Post-docs) we will provide them an unique opportunity to introduce themselves and their research to other PhD students and interested conference participants. An interdisciplinary committee board will judge the contributions of all participating PhD students and the "Svante Arrhenius Astrobiology Award" (SAAA) will be officially granted by the EANA president Dr. Gerda Horneck during the EANA conference dinner.

For the selection of participants of "The Space Factor" contest interested PhD students from all fields covering space-related sciences should send an abstract to EANA website, indicating their participation in the contest. In addition, a detailed CV with photo, a publication record (peer-reviewed journals and conference proceedings) and a short motivation letter, why the PhD student would like to participate at "The Space Factor" contest should be sent to my address ([ralf.moeller@dlr.de](mailto:ralf.moeller@dlr.de) [2]).

Please extent this invitation and opportunity to all the young scientists in your labs (i.e., PhD-students and Post-docs).

Deadline is June 26th, 2012

For further information please check the web under:  
<http://agenda.albanova.se/conferenceDisplay.py?confId=2996>

We are looking forward to see you in Stockholm at the EANA2012.

With my best regards,

Ralf
