

FNRS Contact Group “astrobiology: from stars and planets to extreme life” – Annual meeting 2013

Also Planet TOPERS meeting – first year of the contract

When?

8th March 2013 (Women day!)

Where?

At the Royal Observatory of Belgium (Meridian Room)

Two invited talks:

Mareike Godolt: “PLANetary Transits and Oscillations of stars (PLATO)”

Kevin Lepot: “Isotopic and nanoscale textural evidences for the biogenicity of the oldest cellular structures (3.4 billion years old).”

Other talks:

Please submit an abstract for the meeting to Veronique Dehant (v.dehant@oma.be) and Emmanuelle Javaux (EJ.Javaux@ulg.ac.be).

Meeting of the Planet TOPERS IAP the same day (mixed with the other meeting/talks) and of the executive of the Planet TOPERS IAP at the end of the day. All Planet TOPERS members are kindly invited to submit an abstract as well.
